May, 1964, was interviewed by the FBI and thereafter FEATHERSTON made comments to Informant that he was suspicious of one Dr. RUTH BELLINGER ~~McCOY~~ ^{US} having furnished the FBI information concerning him. Informant continued to explain to SA MAGENNIS that FEATHERSTON's story concerning the assassination could conceivably be an attempt to trap Informant inasmuch as the information could later come to FEATHERSTON's attention. (u)

For the reasons set forth above, Informant requested that the information he furnished, which is set forth in enclosed LHM, be furnished to the President's Commission only and that no other dissemination of this information be made. In view of this, the San Antonio office recommends that Informant's request for limited dissemination be honored. Therefore, the San Antonio office is not giving consideration to interviewing FEATHERSTON concerning his statements about the assassination. (u)

It is further recommended that any leads in this matter be left to the Bureau, and that the Dallas and San Antonio offices do not incorporate the information in enclosed LHM in any investigative report or other document that will be disseminated. ✓
